STUDENT ADVISING

NMSU Masters Oral Examinations Committees: Served on 20 orals exam committees and chaired an additional 12.

NMSU School of Social Work: Provide academic advisement to approximately 15 graduate and 5 undergraduate students per semester.

USF-FORT MYERS CAMPUS: While at USF-Fort Myers I was one of two faculty responsible for the MSW program at the Fort Myers Regional campus of USF. The program was a part-time 3 year block program. We had 17 students who took all classes together. Consequently I taught and advised the 17 students for each of their MSW courses throughout their matriculation (except for two courses). In addition, the clinical research sequence required the intensive guidance of each student from beginning until end. This research project (tantamount to a masters thesis) stretched over a period of two years.

FGCU:I served as academic advisor for approximately 10 undergraduate Human Services majors and 4 MSW students.
